

**Sponsorship Opportunities = Visibility!**

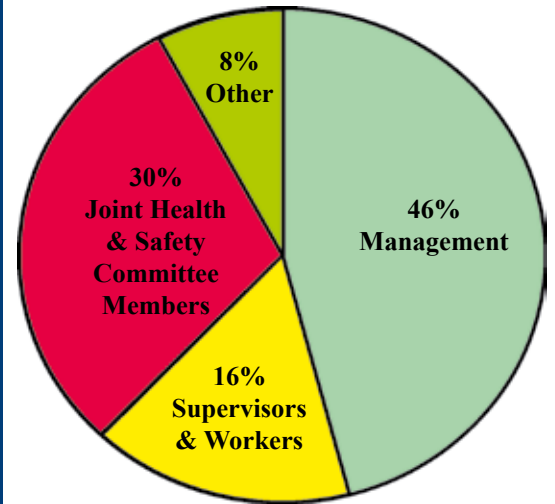

*Why sponsor MASHA's annual Mining Health and Safety Conference?*

- *It is the top mining health and safety gathering in Canada!*
- **Increase your visibility with more than 300 delegates, including many managers & supervisors**
- **Strengthen your relationship with your target market**

Sponsorship of this conference offers the opportunity to associate your company name with both a successful and popular event, and with a value that is strongly held in the mining community. This conference aims to provide a forum for the mining industry to share knowledge of the hazards they face and of programs and innovations to prevent incidents.

MASHA's conference sponsors are a valued part of the event. We will make every effort to build strong relationships with our sponsor companies and ensure they receive maximum exposure and recognition before, during, and after the event. Sponsors contribute to various costs. These include meals, food and beverages at breaks, speaker fees and travel costs, room rental, audio-visual expenses etc. If you do not see a sponsorship opportunity that meets your needs please contact Bonnie Brownstein to discuss other possibilities.
